

About the Project

- SOS Technical Training Institute (Infaq Foundation Campus) - SOS TTI, is a joint venture between SOS Children's Villages of Sindh and Infaq Foundation.
- SOS TTI is managed by SOS Children's Village of Sindh - a Non Profit Organization (NGO) registered in Pakistan. It is engaged in the care of orphaned and abandoned children. It also provides medical facilities, schooling and vocational training to these and other needy children in the community.

**A loving home for
every child**

Objectives

- SOS TTI's objective is to provide deserving and underprivileged boys and girls in the community with an opportunity to engage in vocational training in a technical field of their choice.
- Our philosophy is **"Skill Development for Employment"**.
- The training is targeted to help students secure entry level employment so they can learn to financially support their families and live with dignity.
- We believe that increasing the skilled labor force of Pakistan will contribute towards the overall economic progress, prosperity and stability of the country.

About the Campus

Justice (R) Fakhruddin G. Ibrahim
Chairman of
Infaq Foundation

Mr. Helmut Kutin
President of **SOS**
Kinderdorf

SOS TTI is located near Lalabad Goth in Korangi, Karachi and is easily accessible from Landhi and Korangi. The area is largely inhabited by factory workers, drivers, chowkidars, fishermen and individuals from low income groups.

Its state-of-the-art building was designed by prominent architect, Habib Fida Ali. The purpose built campus consists of a central courtyard surrounded by spacious workshops, classrooms, an administrative unit and airy corridors.

The Institute was inaugurated on February 3rd 2010 by Justice (Retd) Fakhruddin G. Ibrahim, Chairman of Infaq Foundation in the presence of Mr. Helmut Kutin, President of SOS Kinderdorf International, Austria.

A loving home for every child

Curriculum

- The SOS TTI has designed a range of 6 and 4 months courses which are 20% theory and 80% practical. All courses have been approved by the Sindh Board of Technical Education & Trade Testing Board (TTB). At the end of each course, students are tested by the Boards for certificate of graduation.
 - In 2013 SOSTTI has setup a new Refrigeration & Air Conditioning Workshop and upgraded the Welding Workshop. The German Consul General in Karachi has funded the procurement of Equipment, Tools and Furniture.
- The following courses are currently available:-
 - Automobile Mechanic
 - General Electrician
 - Refrigeration & Air Conditioning
 - Mechanical (Turner)
 - Motorcycle Mechanic
 - Welding
 - MAG / Co2 Welding
 - Computer In Information Technology
 - Diploma In Information Technology (1 Year)
 - English language

Do we make a difference?

Yes we do!

- Our purpose is not to just increase our graduate roll.
- We take an active interest in ensuring that our graduates are recognized as competent technicians and use their skills to upgrade their lives:
 - **1394** students have graduated since 2009 and most of them have been able to secure gainful employment.
 - Internship is arranged for students to help them in transition from the institute to the workplace.
 - Girls from Fisherman's Village and Sherpao Colony are benefiting from Computer Education and English Language Courses.
 - Students from very poor villages / goths have been admitted free of cost to encourage them and give them a chance to improve their life.
