General Report of CPP

Topic: Identify and belonging feeling with SOS

First of all topic was explained by psychologist:

- Psychologist elaborate the topic with examples and made the group understand about how one's defined their self and what our views about ourselves is
- We become what we think of ourselves we act the way we perceive ourselves if we have positive views about ourselves we will tend to develop positive traits in ourselves
- Then psychologist explained to the group about how they are being defined by others
- Every child had a good understanding of the topic. The main concern of explaining this topic to children was to relate and have an understanding of their mental with the help of SOS village and they should be proud of it.
