DAE Monthly Test:

The monthly test for December was successfully conducted across all classes according to the academic schedule. The tests assessed students' understanding of the syllabus covered during the month, focusing on core subjects. The examination process was well-organized, with strict adherence to guidelines to ensure fairness and discipline.

Students exhibited a positive attitude throughout, and their performance will be reviewed to identify areas requiring improvement. The results will play a key role in refining teaching strategies and providing targeted support to students who need additional assistance.

Overall, the smooth execution of the test contributed significantly to monitoring the students' academic progress and maintaining the quality of education.
